Agenda Item	Action	Who	Materials/Documents for Review	Time
4.1 Financial Report		B. Skidmore	Budget: Expenditures through April 30th were 76% of budget compared to 71.7% in the prior year. Revenues through April 30th were 85.5% of budget compared with	10 min

92.5% in the prior year.
Currently we are
projecting a surplus of
\$1.55M. This would
bring the ending fund
balance to \$5.02 million
or a 44.7% increase if
realized by $6/30/25$ . The
increase is being driven
by enrollment and the
new Capital MLO
(\$574/student). The
funded enrollment is
1,004 students or a 6.24%
increase over the budgets
945 students. At Risk
Recapture Funding was
higher than expected at
\$188,586 or a positive
variance of \$64k.
Balance Sheet Analysis:
The School's current cash
position at 4/30/25 was
\$317.3k more than the
same period last year. As
of April 30, 2025, Lotus
held approximately
\$40.4k (Grant Accounts
Receivable). Current
liabilities increased
\$32.9k over the prior year
due to accounts payable.
FY 24-25 Financial
Reporting Compliance:

FY24-25 Debt Covenant
Compliance: LSE's
FY25 spend rate is

	cash is required to be on
	account at 6/30/25 or 60
	days of unrestricted
	operating cash at the
	current rate of spend. As
	noted above, LSE's
	4/30/25 cash balance was
	\$5,003,893, which
	includes restricted cash of
	\$55,443.70. The balance
	less the restricted cash is
	\$4,948,449, reflecting a
	margin of \$2,305,745
	which is 46.6% of the
	current net
	available/unrestricted
	cash. Currently LSE is
	cash compliant and is
	projected to be at year
	end.
	The second covenant is
	the debt service coverage
	ratio (DSCR). LSE
	receives the benefit of
	capital improvements by
	adding the amount back
	to the change in Fund
	Balance by \$1,552,575.
	This results in a 3.52

Open-Ended Comments: Overall Workday about how long it is. Common themes that did come up. Overall, transition of administrators and transitioning in and out of teachers.
Positive- Very excited, seeing changes happening, love the people they work with-teams, departments, students. Nervous as to where it might be going.
Kavi-confused about the overlapping categories. Marlene: Those were provided by H.R.
Angela: Confused on that as well. Thanks for bringing this to our

attention. Thank you
Arslan: See a lot of Red in Elementary and Blues in MS/HS. I want to look at it overall. There have been some changes and the school is coming out of turbulence. I'm sure things will get better. We need to take a deep dive on these responses. I'm interested in the open ended responses and the things recommended to us to actually do it. I see some things working well. Some things have come down.
Kavi: We need to understand why we are low on the Mission and Vision.
Nalcaci: The question is addressing if we are meeting our visions and mission.
Arslan: It won't happen tomorrow but maybe next year or the year after. I appreciate the responses from all of the participants. 21 missing responses. Lots of participation overall.
Angela: with the mission and vision statement compared where we were to January of last year to now with implementing robotics, music has taken a hard hit, we got sports back, we are definitely building on it. Overall I think these numbers are

I	
	great considering where
	we were a year ago.
	Arslan: Compared to last
	year's participation, there
	were mounting concerns,
	I don't know how it
	compares.
	Marlene: Last year 75
	people (31 E, 24-M,
	25-hs, 5 k12, 9 main
	office and operations).
	1 ,
	Self Selected Groupings.
	Arslan: Will we get a
	copy? Nalcaci can share
	a copy. Then we can start
	discussion to come up
	with a development plan
	so we can make this a
	pleasing place. (Are you
	proud to work at Lotus).
	If the institution becomes
	better
	Nalcaci: Eye opening and
	5 I C
	wish he could run at the
	end of the 1st semester
	which gives us the
	opportunity to make
	some adjustments for the
	2nd semester. All
	responses are confidential
	and that is good. They
	feel comfortable to share
	their voices. We can work
	on this and make
	adjustments. We need to
	improve our
	communication with staff
	members. One major
	thing/concern is
	communication.
	Kavi: That was a concern
	last year too. PR helps
	with outside
	communication but does

		it help with internal	
		communication.	
		Arslan: Suggesting,	
		bi-weekly invite staff to	
		come sit and spend 1	
		hour to ask questions	
		informally. They might	
		feel better that they can	
		reach out to you. In	
		person and they want to	
		ask you something to	
		chat with you, it may be	
		something to consider. So	
		they feel like they can	
		reach out to you.	
		Angela: Informal Coffee	
		also bi-weekly where	
		staff members can come	
		and there is an open-door	
		policy with management.	
		Staff can be rotated. It	
		has worked well. (It is	
		mandatory for managers,	
		but not mandatory for	
		frontline managers).

Kavi: Do they help analyze data and synthesize the results? How do you measure it? Bellwether can follow up to check in on the progress.
They are suggesting to revise the Mission and Vision Statements.
We worked together with Belwether to prepare this. If you have any questions I'm happy to answer the questions related to this report.
Arslan: Retention, enrollment is going down, we should be able to work out where to make an application, where to aim to establish the new schools. (Jefferson County is closing schools).
